Description

Love ATOM Poison grip but want more roll?... Say hello to the NEW Poison Savant!
What could possibly make Atom's Poison, one of the top performing wheels in the industry, any better?... The NEW SAVANT core of course! The Savant, featuring an oversized core with a molded lip, not only reduces weight but increases the overall roll (speed). With the increased speed the molded lip plays a big role in ensuring the grip characteristics remain! All wrapped in the famous Poison urethane, Poison SAVANT provides awesome grip without that 'sluggish marshmallow' feeling which allows for more roll!

Poison SAVANT is ideal for:
Outdoor tracks, Slick Sport Courts, Bank Tracks and Dirty Wood Floors.

• Oversized 45mm Core
• 5mm tire with 7mm lip
• 68 grams per wheel (Over 20% weight reduction compared to Boom Solid Core 59x38)

Size: 59mm x 38mm
Hardness: Hybrid Grip 84A (Rolls like 88A)
Surfaces: Slick Indoor Surfaces, Rough Outdoor Surfaces
