Description

CRAZY Bruiser Hybrid Wheels
Crazy Bruiser wheels are a Hybrid (Indoor/Outdoor) made from a special 84A durometer urethane poured in the USA! Get excellent grip on corners and a high rebound roll on the straights. Outdoors, the wheel performs flawlessly absorbing the bumps and grooves of the outdoor

paths with a high wear resistance – giving the wheel a long lifespan. The Delrin hub provides rigidity at the core which translates to good responsiveness. Sold in sets of 8 wheels in 59mm x 38mm OR 62mm x 38mm.

• ***TIP > Choosing wheels:*** *Get* ***FREE*** *expert advice and wheel assesment before you buy. We can help you select the best wheel for your particular needs.* Email here.
