Description

CRAZY Glitter Purple POP Size J12-2 OR 3-6 Adjustable Roller Skates!
The Glitter Pop by Crazy Skates is a size adjustable roller skate that quickly and easily adjusts to fit four different shoe sizes from US J12-2 OR 3-6! This allows the skates to grow with your child and saves you from having to buy new skates every time their feet grow, while also providing your boy or girl with a long-lasting pair of skates.

Unique Size Adjustment System
Our adjustment system utilizes a series of micro-adjustments rather than just locking in just at a full shoe size. These small adjustments allow you to fit the skates to the foot, which creates a custom, individualized fit for your child. This sort of customized sizing ensures that your child will have the most comfortable and supportive skating experience possible. The adjustment mechanism is also fully internal, so it is not visible and doesn't interfere with the classic look of these rink-ready skates!

Glitter Sparkle Skates
From the time you first open the box, you will be amazed at just how much glitter, sparkle and shine we were able to squeeze into these skates. The boots are infused with bright sparkling glitter and are topped off with a thick, shimmering collar that sparkles in the light always catches the eye. They also come packaged with coordinating accessories; stunning glitter wheels, toe stops, and fashion laces. These awesome roller skates allow you to make the perfect fashion statement without even having to say a word.

High-Quality Components
The Glitter Pop is built from the ground up with carefully designed, high-performance features. These include smooth ABEC 5 bearings which allow the wheels to turn smoothly and provide a high quality “roll” for the best possible skating session. Similarly, our 58mm urethane wheels are the perfect mix bounce and grip, allowing the Glitter Pop to be used either indoors or outdoors with equal ease and enjoyment. We also always use solid urethane toe stops, because when your child needs to stop you want them to be able to do so in a smooth and controlled manner.

Featuring:
• Classic High-Top Glitter Infused boot
• Comfort Padded Collar & Boot Liner
• Size Adjustable from US J12-2 OR 3-6
• Glitter Urethane Wheels
• Glitter Urethane Toe Stop
• ABEC 7 Precision Speed Bearings
• Alloy Trucks & ABEC 5 Bearings
