Description

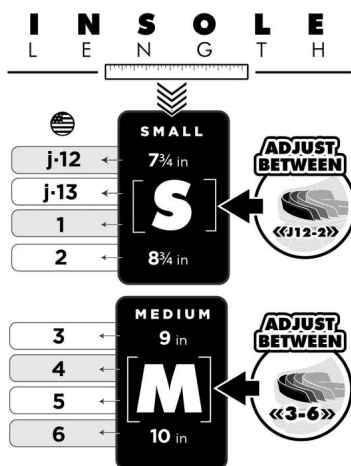

CRAZY SODA POP Adjustable Size J12-2 OR 3-6 Kids Roller Skates!

Soda Pop Size Adjustable Roller Skates are a revolutionary game-changer that effortlessly adapts to four different shoe sizes! Say goodbye to the hassle of constantly buying new skates as your child's feet grow. With the Soda Pop, you can provide your boy or girl with skates that will last, saving you both time and money! The innovative adjustment system goes beyond simply locking at full shoe sizes. It incorporates precise micro-adjustments, allowing you to customize the fit to your child's foot. This ensures unmatched comfort and support, providing a personalized skating experience. And the best part? The adjustment mechanism is fully internal, maintaining the classic look of these rink-ready skates! The boots feature a vibrant teal sparkling glitter design, enhanced by a shimmering collar that catches the light and demands attention. To complete the package, are included coordinating accessories: stunning glitter wheels, toe stops, and fashionable laces. But the Soda Pop doesn't just impress with its appearance. It delivers top-quality, high-performance features that will enhance your skating experience. Smooth ABEC 5 bearings ensure seamless wheel rotation, providing a superior roll. The 58mm urethane wheels strike the perfect balance between bounce and grip, making them suitable for both indoor and outdoor use! Safety is a priority, which is why CRAZY Skates always use solid urethane toe stops. When your child needs to stop, they can do so smoothly and with full control! Get ready to glide with confidence and create memories that shimmer!

Featuring:

- 4 Size Adjustable - Perfect for growing feet
- Glitter-infused Boots, Shimmering Padded Collars And Coordinated Glitter Accessories Will Make You The Star Of The Street And The Rink
- Quality Components, ABEC 5 Bearings, 58mm Urethane Wheels And Solid Urethane Toe Stop
- Make a Statement with Fashion Forward Designed Skates!
