Description

EDEA REFLEX TROLLEY Travel Bag – HOLDS 2 PAIR!
The thick-weave, anti-tear polyester of the Edea Reflex Trolley is specifically made to carry skating boots and skating's necessary accessories. The Reflex Trolley has long lasting polyurethane in-line skate wheels that are silent and easily glide wherever a skater needs to travel. The trolley is large enough to hold up to two pairs of moderately sized skates, accessories, and clothing, yet still be considered a carry-on piece of luggage on most airlines. The exclusive reflective design makes the Edea Reflex Trolley unique among skate bags.

• 22? (59cm) x 14? (36cm) x 8? (20cm). The expansion zipper increases the depth of the bag to 10? (25.5cm).

• Sized to be considered carry-on luggage by most major airlines.
