With their striking two-tone glitter boots, which are padded and supportive, along with their solid urethane wheels and ABEC 7 bearings, these skates will move as good as they look! The Glam's high quality build and style make them perfect for skating at the rink, the boardwalk, and anywhere in-between. Drop this glitter bomb into your life today!

**Glitter-Infused Fun**

These skates are made with Crazy Skates' glitter-infusion process, which allows us to give them a depth of color and sparkle that you won't find anywhere else. The striking two-tone boots come in a selection of three colors and coordinating glitter accessories, including glitter laces, glitter wheels and glitter toe stops. They were designed to catch the light and to sparkle and shine, whether at the boardwalk or in the roller rink.

**Peak Performance**

The Disco Glam isn't just another pretty face; it performs just as great as it looks! The skates feature alloy plates and trucks to provide a stable skate surface and ABEC 7 bearings to ensure a buttery smooth roll. The high cut boot has metal eye loops which allow you lace as tightly as needed for proper ankle support. Finally, and most important, the signature urethane wheels and toe stops mean that they are built to handle any indoor or outdoor surface.
