Description

METCON TEK PILOT Skate!

The METCON TEK Boots:

Imagine...Boots that fit comfortably from the first day you put them on. Have fun and start improving your skills immediately! METCON TEK, the lightest, most comfortable skate boots available. With Flex-TEK you get more comfort combined with support needed to land more tricks or learn new skills. Hand made for serious skaters. They are ideal for speed, Jam, derby and recreation. The unique, fit, function, performance and price speaks volumes. PLUS these boots have a unique built-in mounting template make mounting very fast and accurate.

- **Flex-TEK** outsoles: The only one piece outsole with built-in counters that cradle your foot like a baby but provides support, agility and performance better than all its predecessors.
- **Flex-TEK** is more than meets the eye. The out of box experience will have you shaking your head in disbelief, asking yourself how is this possible? Top it off with counters that don't take break-in time and will NOT breakdown or become soft. Imagine...Boots that fit comfortably the day you buy them so you can have fun and start improving your skills immediately.
- **Barefoot Fit:** The unique shape of Max air combined with our contoured lacing makes for an out of the box experience you will NOT find with any other brand.
Tongue: No lace bite, Max Air tongues come pre-shaped, padded, with dual slits to secure tongue in place.

The Plate: Pilot F-16 Falcon Plate in choice of Silver OR Colours!

A superior low profile CNC machined 6065 T6 Aircraft Aluminum polished base plate comes in choice of silver or anodized colour options at same cost! 16 degree truck action with Micro-Click Adjustment for precise action adjustments! Comes with choice of BIONIC Super stoppers or BigFoot stoppers, or choose from other stopper options in the pull-down menu. Select standard no-fuss silver 1-piece trucks or upgrade to premium black 2-piece adjustable trucks for complete control over delicate pivot adjustments.

The Wheels: *ATOM Poison Savant*

Proven winners on the track indoor and outdoor in five colour options!

The Complete Setup:

- Superior fit, lightness and price/performance advantages over anything else comparable with the METCON TEK boots!
- Superior plate – PILOT F-16 Falcon in silver or colours – completely CNC machined aircraft aluminum 16 degree action!
- Versatile ATOM Poison Savant Hybrid wheels - indoor/outdoor 84A and choice of five colours!
