Description

The Snyder Royal speed plate was originally offered in the late 70s intended for elite speed skaters. Today, the plate has been completely redesigned using state of the art machining techniques that has drastically reduced weight but not sacrificing strength! It has made a serious come back into the skating world incorporating a 45 degree double action truck system with excellent maneuverability! It is essentially a super light version of the Snyder Imperial plate. Comes with choice of rubber toe stops or, and fits boot sizes 4-12. Also avaialble in NTS No toe stop edition and Titanium 'Lite' edition (which includes Titanium axles, Lite Trucks and Hangers). As always, every Snyder plate is 100% made in the USA. The SNYDER Royal is now discontinued but we are still able to get some sizes. Send an email to inquire about availability. Don't wait too long - once they're gone they're gone!
