Description

Snyder toe stops were designed specifically for the Snyder plate to give the skater the best response possible– their toe stops have long been the most copied style of toe stop in the world. All Snyder toe stops use the same natural rubber compound, which makes them the ideal toe stop for any skating style where grip is needed. The small toe stop is considered a dance toe stop, the medium is considered a junior toe stop, and the large is considered a standard toe stop. Comes as a pair of toe stops.
Snyder Dance toe stop – small (1") approx. 38mm diameter, 53mm long
Snyder Junior toe stop – medium (1-1/2") approx. 45mm diameter, 57mm long
Snyder Standard toe stop – large (2") approx. 52mm diameter, 63mm long
