Description

Sure-Grip Aerobic Wheels! Tried and true excellent outdoor wheels from a long standing Roller Skate company! 85A durometer is that sweet spot between sometimes too soft 78A and too hard for outdoor in the 90's +. 85A gives you more speed and control and the bevelled edge profile is great for learning ramps and bowls at the skatepark - when you're not quite ready for the 99+ park wheels!
