Description

The XK-4 DA plate is the original Sure-Grip forged solid plate for speed - now comes with special double action 45 degree DA45 trucks! Comes with newly formulated Urethane cushions to help this plate acheive a rebound like no other, the quick response and superb handling is second to none. Adjustable pivots are added to allow the skater to fine tune the action of the truck to get the most out of them at the highest level of competition. Twisted jump bar is included for increased strength (not straight as shown). Don't forget to add your choice of 5/8" screw-on toestops or dance plugs (sold separarately). If you're not sure which size to order please send a note and we will recommend the best plate size for your needs, whether a regular mount, regular short mount or short forward mount.
